School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Freedom Academy of Imperial Valley	13-631490125922		9/20/2018

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

The Freedom Academy of Imperial Valley does not qualify for Federal funding.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The school plan for student achievement is shared with all stakeholders. We seek the input from all stakeholders. Freedom does not qualify for Federal Funding

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Freedom Academy feels it is important to assess how students and parents felt about the curriculum, whether or not students were being challenged and supported academically, and whether or not they plan to continue in the program next year. Of those reporting, all stated they were satisfied with the curriculum and felt they were supported and challenged academically. Some responded they were not sure, at the time of the survey, as to whether or not they would continue with the program the following year. The majority of parents felt the biggest advantages of their children attending Freedom Academy were that they were more involved in their children's education, had the opportunity to meet with the teachers frequently and that the work was tailored to the needs of each individual student. Students' responses were that they are able to work at their pace, they can create their own schedule, and they have the opportunity to finish school early. Parents and students felt their biggest challenges were those of time management and working independently. For the majority of students, this is their first experience in an independent study setting and, at times, time management has been a challenge. Parents and students responded that possibly, in the future, they would like to have some time management instruction and possibly some technology classes focusing on web design or coding.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Mitchell Drye is a new Principal of Freedom Academy. He has over twenty years of experience in education and over sixteen years with homeschooling, having homeschooled all of his children. All tenured teachers are formally observed/evaluated every five years per contract. After the observations, the teachers and administrators meet to discuss the findings of the evaluations. In addition to formal observations, the administrator conducts walk-through observations and provides feedback to the teachers in order to improve teaching strategies and to improve student academic success. During the teacher observations, the administrator is able to observe the engagement and interaction of the students. Since Freedom Academy is a small school, he has the opportunity to interact with the students and to monitor their progress.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Assessment data is reviewed by teachers, administrators and the Curriculum Director for the Holtville Unified School District. The overall District Data is disaggregated by the administrator and teachers and a report was given to the Superintendent, the Board of Trustees, the administrator and the teachers. This data shows where the students' strengths and weaknesses are so that strategies may be implemented to improve both teaching and learning. The results of student data guide Professional Development with the focus on improving academic success in the areas of English Language Arts, mathematics, and on closing the achievement gap.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Administrator and Teachers use the data from curriculum-embedded assessments to modify instruction in the classroom. Freedom Academy is both an online school and a traditional home school model, modifying assignments may include lengthening or shortening timelines based on student performance. Freedom Academy, as a small school, is able to provide one-on-one instruction for all students needing additional assistance.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

There are two teachers at Freedom Academy; one teacher for students in grades K-8 and one teacher for students in grades 9-12. Both teachers are fully credentialed and meet the requirements for being highly qualified.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

There are two teachers at Freedom Academy. There is one teacher for K-8 students and one teacher for 9-12 students; both are fully credentialed and participate in the professional development offered by the Holtville Unified School District. In addition to the professional development offered to all teachers in the District, the teachers at Freedom Academy attend a yearly conference that specifically relates to independent study. All materials are approved by the state and by the Board of Trustees of the HUSD. Professional Development has been focused on the transition to Common Core.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

State test scores are disaggregated and staff development is designed based on the areas of weakness. The focus continues to be in the area of language arts and mathematics and increasing the percentage of students scoring proficient. All staff has also received professional development regarding the transition to the Common Core State Standards.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

This year Holtville Unified School District has a person who has experience in curriculum in the position to help all school sites including Freedom academy. In addition, teachers also attend workshops related to online learning.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

The Freedom Academy is an alternative school of choice; however, the teachers do have the opportunity to meet with other teachers in the District for collaboration.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

All materials and instruction are aligned to content and performance standards.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Students are required to log-in on a daily basis and teachers are able to monitor the number of minutes per day in subject areas. Students in grades 9-12 are also required to attend on site classes to meet the required number of minutes. Students in grades K-8 are also able to meet with the teacher, on site, during arranged times.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

All K-8 students meet with the teacher for monitoring, additional assistance and intervention. There are designated 'drop in' times during the week for all students and additional individual times for any student needing or wanting additional assistance.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

According to a district self administered Williams review all students, K-12, have the appropriate instructional materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All students have the appropriate standards-aligned instructional materials. Intervention materials are available for students not meeting grade level standards. All high school students have access to standards-aligned core courses.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

All K-12 students work at their own pace with pacing and lessons aligned to each individual student. K-8 students receive individual assistance if they are not reaching their weekly goals. There are regularly scheduled site drop-in days and times. In addition, students receive individual assistance and tutoring online and/or by meeting individually with the teacher at the site. 9-12 students are required to attend some classes on site each week. They may also stay after the regular day for individual attention. There is also a math teacher who meets with the students on site during the afternoon for additional assistance.

Evidence-based educational practices to raise student achievement

Professional development in teaching strategies has been offered to all staff members. Teachers have been trained in RTI, EDI, differentiated instruction, and EL strategies. Freedom Academy teachers have also received professional development from APEX Learning and Edgenuity, the two on-line providers.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Teachers provide tutoring on an individual basis for under-achieving students. An additional teacher is available to provide one-on-one or small group assistance in the area of mathematics.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

School Site Council, and school staff is involved in the planning, implementation, and evaluation of Con-App programs.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Funding is provided from various categorical funding sources such as EIA, EIA-LEP, Title I, Title II, and Title III

Fiscal support (EPC)

All categorical funds allotted to the school are utilized to fund personnel, equipment, materials, and supplies necessary to support the Single Plan for Student Achievement.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The reinstatement of a School Site Council is in progress and will be completed by November 2020. The team will consist of the school's dean of students, both teachers (K-8 and 9-12) as well as parents from the K-8 level, parents and students from the 9-12 level. The School Site Council will meet monthly to review yearly budget process and how certain funds are spent for the benefit of students. They will have a voice in any proposed changes at the sites and/or be able to make suggestions for improvement.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

As part of the LCAP ESSA all six of our schools were evaluated for resource inequities and there were none.

Conclusions based on this data:

1. As you can see above, the Freedom Academy enrollment is small, but remaining steady.

2. The majority of the student population for Freedom Academy is contained in Grades 9-12.
3. Strengthening and increasing student enrollment across all grade levels is an area of emphasis for Freedom Academy.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

ELA and Mathematics

LEA/LCAP Goal

Annual increase in student achievement for all students in all academic areas, including English Language Arts and Math with focus on accelerating student learning outcomes for target subgroups including English Learners, low income pupils and pupils identified as special education by providing students with instruction aligned to State academic content and performance standards by highly qualified teachers.

Goal 1

Annual increase in student achievement for all students in English Language Arts and Math, with focus on accelerating student learning outcomes for target subgroups including English learners, low SES and pupils identified as special education.

K-8, 9-12 Sub-Goal:

With regard to the English Language Arts (CAASPP) 2018-2019 test results, the school will increase the number of 11th grade students who met or exceed standards on the CAASPP to 75%, as well as increase the number of students in grades K-8 who met or exceed standards to 70%.

K-8 Sub-Goal:

With regard to the Math portion of the CAASPP 2018-2019 test results, the school will increase the number of 11th grade students who met or exceed standards on the CAASPP to 65%, as well as increase the number of students in grades K-8 who met or exceed standards to 35%.

Closing the Gap:

English Language Arts scores for EL students will increase to 25% or higher in students who met or exceeded standards on the CAASPP. Low SES student scores will increase to 25% or higher in students who met or exceeded standards on the CAASPP.

Math scores will increase to 25% or higher in students who met or exceeded standards on the CAASPP.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All K-12th grade students will be assessed using this strategy.

Strategy/Activity

K-12th grade students will be assessed at the beginning of the school year by the STAR Reading assessment and quarterly thereafter. The (K-8) STAR Reading assessment determine the appropriate level of challenge for each student and identify those who need individual help. It provides in-context vocabulary questions and authentic text passages that give a precise measure of each students' reading performance. Curriculum will be appropriate for each student and aligned with common core curriculum.

Freedom Academy will partner with HHS in order to provide access and library services to students and staff.

Data regarding assessments and progress through curriculum will be monitored and reviewed in the weekly staff meetings.

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

Data will be reviewed for students as a collective group (3rd-8th grade and 11th grade) as well as subgroups of English Learners and Low SES students.

Strategy/Activity

Data regarding the May administration of the CAASPP will be reviewed to determine the proficiency rate (met or exceeded standards) for 3rd-8th grade students as well as 11th grade students.

Data regarding CAASPP will be reviewed and analyzed during staff meetings.

Strategy/Activity

3rd-8th grade students not performing at grade level in English Language Arts on the CAASPP (Met or Exceed Standards) will be given targeted intervention lessons and individual assistance to provide the required skills and knowledge to bring them up to grade level on future CAASPP and assessment testing.

9-12th grade students who have not passed the English Language Arts CAASPP (Met or Exceeded Standard) will be assigned specific modules in APEX and Edgenuity targeted to the skills required to pass the CAASPP at proficiency or above.

Individualized learning plans will be created by the teacher and student for each individual student to create a road map to success and an increase in student assessment scores.

Data regarding Individualized learning plans and progress through curriculum will be monitored and reviewed in the weekly staff meetings.

In addition; Freedom Academy will develop a consistent process by which formative data is collected, disaggregated, analyzed and communicated to all stakeholders on an ongoing basis.

- The District will work individually with all certificated staff to ensure they are proficient in creating, collecting, disaggregating, and analyzing formative data.
- Staff will produce formative data for review quarterly.
- Data will be collected for intervention programs (Accelerated Reader) and analyzed to determine if programs are producing positive results.

Freedom Academy will maintain and update school website as well as school social media that lists activities at the school. The school website will contain the school's calendar, events, activities and meetings.

The following will serve as avenues to promote parent contact/community involvement: mailings, newsletters, open house, newspaper advertisements, and report cards.

All students as well as parents of Freedom Academy students will complete surveys to provide feedback to the site as well as the District. Parents will be notified of survey during parent conferences, via school website and social media.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 2 Classroom Teachers
- 0 Other School Staff

Name of Members	Role
-----------------	------

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 02/18/2020.

Attested:

Principal, Mitchell Drye on 02/12/2020

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
