Pine Elementary
2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/ For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/ For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Pine School is located in the rural, agricultural community of Holtville, which is located 120 miles east of San Diego, 225 miles southeast of Los Angeles, 40 miles west of the California/Arizona border and 20 miles northeast of Mexicali, Baja California, Mexico.

Pine School is a K-8 school approximately 6 miles north of Holtville and serves approximately 190 students. Pine School has transitioned to a technology-driven, one-to-one, cloud-based school. Each student is assigned an iPad. Also, each classroom, the library, cafeteria and computer lab is equipped with LCD projectors, carts for portability, Apple TVs, speakers, and internet capable 60" televisions. Each teacher is assigned an iPad and Mac book with internet connectivity. The entire Pine campus is wireless, where teachers, students, and visitors can go outside and use the technology outside when weather permits. The Apple Connect Ed program provided Pine with a full-time support person from Apple during the initial implementation of the Connect Ed grant and has provided follow up training to teachers. In October of 2021, Holtville Unified School District administered a parent survey and parents responded strongly that they feel their school is clean and well maintained. In addition, parents felt they had input, were able to communicate with staff, and were well informed. Pine School was given a rating of "Exemplary" on the Facility Inspection Tool on the last visit from Imperial County of Education staff as they walked through the campus and inspected it. In addition to technology and all core content areas, Pine offers sports programs, an Exploring Agriculture CTE pathway, beginning band, and a creative arts program. Pine Elementary School continues to grow in all areas of instruction. Pine's goal is to provide a rigorous curriculum aligned with state standards in order to raise student achievement. Pine School strives to enhance the academic, physical, and social emotional skills of each student through the various programs and teaching techniques used inside and outside of the classroom Pine School staff is committed to the education of every child. Students are provided access to the curriculum and appropriate interventions. Pine Elementary School believes the community, home, and school share the responsibility for a child's education and development; therefore, we work together with members of our community to provide real-world learning opportunities and experiences for our students.

Mission Statement:

At Pine School we are PROUD:

2021-22 School Overview

Persistent- never give up
(overcome challenges, meet your goals)
Respectful- kind and courteous
(build positive relationships)
Organized- on time and ready to learn
(build life skills to prepare you for your future)
Understanding- compassionate
(creates meaningful foundation for relationships)
Disciplined- think before doing
(self-control)

Vision

Pine School shapes global learners today into global leaders tomorrow. We provide a safe and secure environment in which all students are given the opportunity to achieve their maximum academic level while ensuring social and emotional well-being. Through a dedicated and positive staff and a supportive community, we foster creativity by establishing an innovative and flexible learning environment which includes technology and the arts.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Situated on 8.3 acres, Pine Elementary School was originally constructed in 1948 and remodeled in 2002.The campus is comprised of ten classrooms, a library, a counseling office and a special projects room for the creative arts program, G.AT.E. – Honors classes, EL classes and many other activities. Pine School also has a cafeteria, an office building, new concrete volleyball and basketball courts, grassy play areas, and dressing rooms. The facility is constantly inspected by the maintenance and custodial staff and by site and district administration.

In 2015, Pine School was awarded the Pine ConnectED Grant, bringing with it a fully wireless campus and a one-to-one student computer use and resources. All student-used rooms have been upgraded with wireless internet, 60" fully functional flat screen TV's, projectors, Apple TV's, and projector screens. Wireless access has been added to the area outside so that teachers are able to take students outside to learn while still accessing their wireless iPads. Every teacher received a wireless iPad, an Apple laptop, speakers and more. A matching grant was awarded by the USDA in 2020 to update all the student iPads. In addition, Imperial Irrigation District purchased new MacBook laptops for the teachers, the counselor and the principal in December of 2020.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents and the community are very supportive of the educational program at Pine School. Through the Pine Community Club, parents are invited to plan and participate in fund raising activities, and school events. Parents also serve on the School Site Council and as members of the English Learner Advisory Committee.

- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The safety of students and staff is a primary concern of Pine School. To safeguard the well-being of students and staff, a comprehensive School Site Safety Plan was most recently updated in January 2022. It was discussed with the entire faculty and support staff at the beginning of school in September and again at the end of the semester in January. Procedures for what to do in case of an earthquake, fire, or a lock down are practiced at the site on a quarterly basis. All guests to the campus must sign in at the office. Supervision is provided to ensure the safety of each student before and after school, during lunch and at breaks. Supervision is a responsibility which is shared among yard aides, teachers and school administration. Safety plans are published on each school's web site, and made available to all stakeholders. A printed copy of the Comprehensive School Safety Plan is available at www.husd.net

2020-21 Types of Services Funded

Holtville Unified School District provides options for parents and students at four sites: Holtville High School (9th -12th); Holtville Middle School (6th – 8th); Pine School (K-8th); and Emmett S. Finley School (K-5th). In addition, we offer an alternative/continuation high school at Sam Webb High School and Freedom Academy, which is a school of choice. We offer many extra-curricular activities such as band, clubs and sports for our students.

Pine School offers one-to-one iPads, robotics, coding, 3rd – 8th grade Gifted and Talented Education-Honors program , K – 8th grade Creative Arts program, Science, Technology, Engineering, Art and Math (STEAM), project-based learning, after school tutoring, transportation, sports, EL support, and much more to all of our students. The Apple ConnectED grant provides Pine School with one-to-one iPads and technology resources that are offered to students and parents.

The district also offers College Begins in Kindergarten (CBK) as a summer program. AVID (Advancement Via Individual Determination) strategies and college readiness skills have been implemented district wide. All sites within the district offer tutoring opportunities for all students.

Holtville Unified also has a very active Migrant Education Program, which allows students to receive extra tutoring, trips to colleges, and participation in activities such as the Migrant Speech and Debate teams. We have an adult education program which offers ESL, a high school diploma, citizenship and English classes. We have a full transportation department that transports students to and from school as well as our athletes to and from activities. We have a full time nurse for the students as well as two nurse's aides to provide for the health of our students. We are continually looking at the best uses for all funds to meet the needs of our students.

Professional Development

Holtville Unified School District provides two days of Professional Development in August before the start of school and two additional days during the school year for staff members. Additionally, professional development is an on-going process in the district. Staff members participate in conferences and workshops throughout the school year. The District provides early release Wednesdays in order to provide all staff with training in areas of need, curriculum development and alignment with the California Standards. Teachers are given release time to work with colleagues in order to look at student data and make changes, as needed, to their lessons in order to prepare all students to meet or exceed state proficiency levels. The focus of professional development continues to be in the areas of math, English Language Arts, and EL improvement. Administrators work closely with other district administrators as well as with the Imperial County Office of Education. Teachers are provided feedback from administration.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
